

Model ZDJ-500 Intelligent Medium-speed Paper Plate Forming Machine

Products Description :

ZDJ-500 Intelligent Medium-speed Paper Plate Forming Machine is designed for the market requirement, It has integrated the pneumatic and the mechanic technologies, which makes it has the functions of faster working speed, higher safety-performance, safer operation and easier maintenance .

Model ZDJ-500 Intelligent medium-speed paper plate machine adopts high efficient pressurizing air cylinder, so that the Max. pressure can reach to 3T ,Compared with the oil pressure one, it has the advantages of high speed, environment protection and humanism desin .

Model ZDJ-500 Intelligent medium-speed paper plate machine is our fourth-era equipments in paper plate forming .

It is widely applied to make paper plates or aluminium foil plates, round or square paper plates, circular or rectangle paper tray dishes of different specifications, regular or irregular shape plates etc paper dishwares.

Technical Specification of ZDJ-500 Paper Plate Machine :

Paper Plate Size : 5--10 inch (mold exchangeable);

Raw Material : Paper/paperboard or One-PE coated paper or other;

Suitable paper weight : 100gsm--1000 gsm;

Rated Productivity : 80--100 pcs / minute;

Total Power : 3 KW;

Power Source : 220V 50Hz or other required;

Ruian Huabang Machinery Co., LTD

Tel:0086-577-65027588 Fax:0086-577-65027577 www.hb-machinery.com

High Born Add: Linsiyang Industrial Area, Feiyun Town, Ruian, China P.C : 325207

Total Weight : 500 Kg;

Package Size (L x W x H):1700 x 1700 x 1900 mm ;

Air source : Working pressure 0.8Mpa ,working air volume 1 cubic meter/min;

Pressurizing Air Cylinder Technical Specification :

MPT-63-150-3T-10;

Air flow vlume :0.8 cubic/min;

Air pressure:0.5-0.6Mpa;

Air cylinder stroke:150mm;
